About the Media Resource Department (MRD)

The Media Resource Department, formerly the Audio Visual Aids Department was established by statute of Parliament in 1969.

MRD is a Department of the Ministry of Education which provides a range of services to the island's schools. These include the loan of educational hardware and software and the training of teachers in the use of these resources.

The mission of the Media Resource Department, is to contribute to the attainment of the highest standards in education, through training in and the provision of educational media resources, consistent with the goals and policies of the Ministry of Education, Barbados.

Acknowledgements

The Media Resource Department expresses sincere gratitude to the Barbados Water Authority and all other persons, who in any way, assisted in the completion of this book.
